## ACCESSORIES FOR TYPE B & TYPE F CAKE DONUT DEPOSITORS

### Column Mount Bracket Kit

The Column Mount attaches to the side of the fryer and supports Type B, and F depositors. Fryer must be bolted to the floor. The full extension of the column mount is 42"/105cm, from the column to the donut drop.

Part #0405 (for Type B and Type F),  
Part #P-1000 (Bracket Plate Kit, for non-Belshaw fryers)

### Wall Mount Bracket Kit

The wall mount supports Type B or F cake donut depositors, with precision screw for adjusting the angle of the depositor. Mounts to the wall behind or alongside fryer. Maximum extension 42"/105cm from wall to donut drop.

Item Nbr #0406

### Bracket Arm Height Adjuster

The Bracket Arm Height Adjuster precisely adjusts the height of your Type B and F depositor. The large turn screw adjustment is faster and more accurate than the Set Collar supplied with the standard mounting kits. Useful when making more than one type of cake donut requiring quick change between different drop heights. For column mount only.

Part #0400

### Hopper

Replacement aluminum hopper for Type B and Type F. Capacity 15 lbs (6.8 kg). Accepts Belshaw B and F Plungers and Cylinders into bottom opening.

Part #0290

### Plungers and Cylinders

A variety of plungers and cylinders are available for Type B and F depositors. (See reverse page for details)
